The Backpack Program is a service we offer to the families in need in the North Canton City Schools. Please fill out the bottom portion of the Opt-In Letter and return to your child's school. This provides us with necessary information and enrolls your child in the backpack program. Please be assured that your contact information is kept strictly confidential. The only people that will have access to it are the coordinators of the program. Having your email address or the ability to text you will enable us to easily communicate important information to you concerning backpack program updates.

The goal of the program is to send home a variety of ready-to-eat or easy-to-prepare, non-perishable foods with your child for the weekend. When there is a long weekend, or a long holiday break, we plan accordingly and pack extra food. We will have a special distribution over winter break. You will receive more information on this as the time approaches. ***Be sure to check your child's bag each week as we may send home written information at times letting you know of activities going on at our church that may offer you some additional help.*** We are excited about this program and our opportunity to work with you and your child. Please feel free to contact us through email or texts, or call us with any questions or concerns you may have.

REMOTE LEARNING STUDENTS: Remote Learning students are also able to enroll in the Backpack Program. You can sign up through the school your child would normally attend, or contact us at the phone number or email listed above. Each week the food will be delivered to the school and you may pick it up there on Friday, or the last day of school for the week.

HAVE A GREAT YEAR!!!
