

**Q: Do parents have to set up their own accounts?**

A: Yes, parents/guardians need to register for their own accounts in Schoology. When parents register to create their own accounts in Schoology, part of the registration process is to enter in your child's access code. Schoology uses this access code to associate your parent account with North Canton City School's Schoology portal and to link your new parent account with your child.

**Q: Do I need to set up an account for my child?**

A: No. All active North Canton students automatically have a Schoology account. They can log in using the school email address and password.

**Q: I don't understand what my child's access code is for?**

A: Schoology creates a unique access code for each student account. The purpose of this access code is to allow parents to link their personal Schoology account with that of their child(ren).

**Q: How do I get my child's access code?**

A: Parent letters with your child's access code were sent home with each student in grades 1-12 on Friday, August 21. If you did not receive a letter or have lost the code, you can request it online. Click on "Schoology Help Tools" in the login box on the homepage of the district website, [NorthCantonSchools.org](http://NorthCantonSchools.org), or click on "Schoology Information" in the footer navigation (the black bar at the bottom) of any page of the website. There is a link on that page for a form to fill out to request your child's access code.

**Q: Why do I need my child's access code to set up my parent Schoology account?**

A: When parents register to create their own accounts in Schoology, part of the registration process is to enter in your child's access code. Schoology uses this access code to associate your parent account with North Canton City School's Schoology portal and to link your new parent account with your child.

**Q: When going through the registration process, do I enter in my child's name in the box?**

A: No, when registering for your parent Schoology account, you enter in **your** information in the box, not your child's. Your child already has a Schoology account. Schoology will use the access you've entered in to associate your new parent account with North Canton City School's Schoology portal and to link your new parent account with your child.
